Reverse white: on color or photo

White Space and Minimum Size

Each version of our logo is designed to be clearly readable down to a minimum size. Do not use any of the logos smaller than the minimum size listed below. Whichever version of our logo you decide to use, we ask that you provide a minimum border of white space around it to keep it clearly separated from any other content that appears nearby. The size of the border is one-half of the total logo height.

$\frac{X}{2}$ = Minimum Clear Space

No smaller than 75 pixels width

Do Not

Use only part of the logo

Distort

Tilt

Re-color

Use old versions
